

Noxubee County School District

Strategic Plan

2014-2017

Goal: Bring all schools to a rating of "C" or higher as determined by the Mississippi Department of Education's Accounting Rating System by 2016

Objective A: All students will be reading on a third grade level at the end of third grade by 2016 and will continue to become skillful readers throughout high school (As measured by the third grade benchmark reading test and the statewide assessment system).

Objective B: All teachers will integrate technology into daily instruction to increase student engagement (As measured by student/parent surveys).

Objective C: All students will meet or exceed predicted growth annually (As measured by the statewide assessment system).

Goal: Increase the graduation rate to 75% by 2016.

Objective A: Identify at risk factors and in turn identify at-risk students, and provide appropriate interventions.

Objective B: Provide parental/community support for at risk students.

Objective C: Implement student motivational incentives.

Goal: Annually improve the culture and climate of our school

Objective A: Train and monitor employees to provide excellent customer service and positive professional attitudes as measured by a survey.

Objective B: Incorporate customer service and professionalism as measured by the evaluation process.

Objective C: Recognize both internal and external customers and publicize the district's efforts to promote a user-friendly culture throughout.
